

CC4807V4-DL

Car Coming Post 4807 - Single Lane Vehicle Exiting Post Kit

THE ENGINEERING IS DONE

Intelligent Warning Systems and Signs

Details

Part Number	CC4807V4-DL
Part Name	Car Coming Post 4807 - Single Lane Vehicle Exiting Post Kit
Type	Vehicle Exiting Signs, Kits
Dimensions	48"H x 7"W x 7"D 4-Side Text
Material	14AWG Aluminum
Finish	Powder coated, hammered copper
Rating	Outdoor rated - direct weather
Controller	PSC-5 Sign Control Board

- Complete Engineered Kit ready for install
- Clear flashing text and voice alerts
- Programmable nighttime audio cut-off timer
- Warn pedestrians of vehicles exiting
- Lower your facility risk and save lives
- Add *Stop and Look for Pedestrians* crossing sign to warn drivers of pedestrians

Solution

Warns pedestrians and drivers of vehicles exiting parking garages, wide exits, blind drive lanes, and mixed pedestrian areas using a four-sided illuminated post and voice alert.

Description

The Car Coming Post 4807 Single Lane Exit Kit includes the CC4807V4 warning post, PSC-5 Control Board, and Decider2 vehicle motion detector. When a vehicle exits, Decider2 activates the PSC-5, which flashes the post and plays voice alerts to warn pedestrians and drivers at blind or wide vehicle exits.

Operations

This KIT uses a Decider2 intelligent vehicle motion detector to activate the system. When activated the CAR COMING and GO SLOW text flashes and the audio plays, "Attention! Vehicle exiting, watch for vehicles." The post stays activated for 10 Seconds (adjustable) until the Activation Timer ends. If another vehicle exits during this period, the Activation Timer will restart. Audio Cut-Off Timer: Audio can be programmed to turn off audio at designated times for nearby residential.

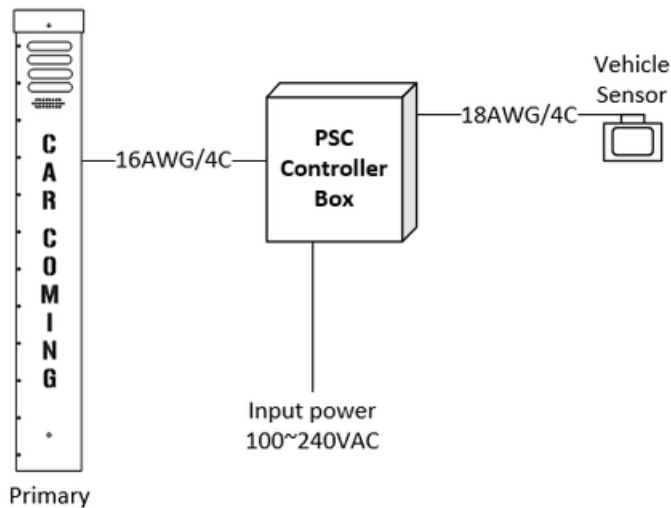

Includes

- (1) CC4807V4 Car Coming Post with LEDs and SP2 20W Speaker
 - (1) Central Controller, PSC-5, Control Board with Audio
 - (1) PS126 Power Supply 100-240VAC to 12VDC
 - (1) Decider2, Intelligent vehicle motion detector
- Add additional signs and sensors as needed**

Common Cabling

CC4807VG4-KIT common cabling for single sensor

Application

- Parking garage exits
- Wide drive exits
- Pedestrian sidewalk crossings
- Blind exits
- Valet and hotel exits
- Mixed vehicle-pedestrian areas

Triggers Accessories

Decider2
LD-01
PS-Narrow

SALFP1812
SP1-Speaker

Engineered Kits

CAR COMING 4807 Post

Ground mounted post for single lane vehicle exiting

P/N: CC4807V4

CAR COMING 4807 WARNING POST

- 48" Tall x 7" Wide
- Illuminated 4-Sided Display
- High-Visibility Amber LEDs
- Integrated Audio Alerts
- Built for Long-Term Outdoor Performance

PSC-5 CENTRAL CONTROLLER

Manages signs, audio alerts and vehicle detection

INTEGRATED AUDIO

Load, clear alerts increase driver awareness

POWER SUPPLY

100-277VAC Input 12VDC Output

SYSTEM TRIGGERS

Activate the sign with one of the following triggers

- Vehicle motion detector - Decider2
- Vehicle loop detector - LD01
- Gate open output
- Presence Detector - EchoSense20

ENGINEERED FOR RELIABILITY

- ✓ All-in-one solution for vehicle detection and driver alerts
- ✓ Easy installation with pre-wired components
- ✓ Weather-resistant components built for long-term performance

CAR COMING 4807 Post

4-sided dual posts for wide exit plazas

Kit P/N: CC4807V4-DL-Dual

CAR COMING 4807 DUAL POSTS (x2)

- 48" Tall x 7" Wide
- Illuminated 4-Sided Display
- High-Visibility Amber LEDs
- Integrated Audio Alerts
- Built for Long-Term Outdoor Performance

PSC-5 CENTRAL CONTROLLER

Manages signs, audio alerts and vehicle detection

INTEGRATED AUDIO

Load, clear alerts increase driver awareness

POWER SUPPLY

100-277VAC Input 12VDC Output

DECIDER2 MOTION DETECTOR

Detects approaching vehicles and triggers the system

ENGINEERED FOR RELIABILITY

- ✓ All-in-one solution for vehicle detection and driver alerts
- ✓ Easy installation with pre-wired components
- ✓ Weather-resistant components built for long-term performance
