

# PEDXING3607-Kit-Dual

PEDXING3607 - Dual Sign Pedestrian Crossing Warning Kit

## THE ENGINEERING IS DONE Intelligent Warning Systems and Signs

### Details

|             |                                                         |
|-------------|---------------------------------------------------------|
| Part Number | PEDXING3607-Kit-Dual                                    |
| Part Name   | PEDXING3607 - Dual Sign Pedestrian Crossing Warning Kit |
| Type        | Pedestrian Crossing, Kits                               |
| Dimensions  | 36"H x 7"W x 8"D 3-sided Text                           |
| Material    | 14AWG Aluminum                                          |
| Finish      | Powder coated, hammered copper                          |
| Rating      | Outdoor rated - direct weather                          |
| Controller  | PSC-5 Control Board                                     |

- Add as many Sensors, Push buttons, and Signs as you need. You can add audio alerts.
- Detects pedestrians and warns drivers
- Avoid deadly vehicle vs people accidents
- Bright sign with clear message
- Optional "Look for vehicles" audio alerts for pedestrians looking at their phones

### Solution

Detects pedestrian activity and activates two three-sided illuminated PED XING signs to warn vehicles from multiple approaches.

### Description

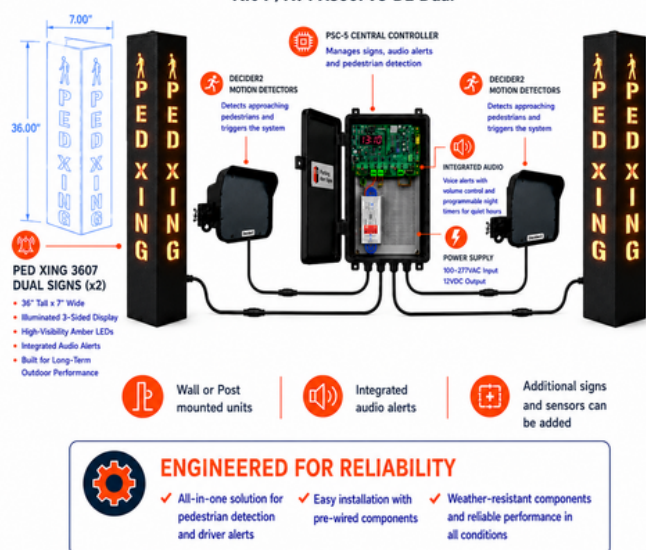

The PEDXING3607 Dual Sign Pedestrian Crossing Warning Kit includes two three-sided illuminated PED XING signs, the PSC-5 Central Controller, and two Decider2 motion detectors. The system provides wider crossing coverage by warning vehicle drivers from multiple approaches when pedestrian activity is detected.

### Operations

This KIT uses Decider2 intelligent motion detectors to activate the system. When pedestrian activity is detected, the PSC-5 activates both PED XING warning signs for the programmed timer period. The dual-sign layout helps alert vehicle drivers approaching from multiple directions to slow down, watch for pedestrians, and proceed carefully.

## PED XING 3607

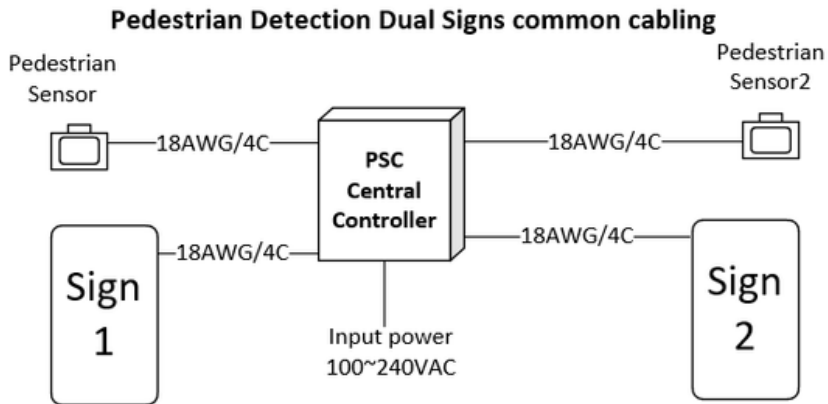

Dual signs for pedestrian crosswalk warning system  
Kit P/N: PX3607V3-DL-Dual

## Includes

- (2) PEDXING3607 Pedestrian Crossing Warning Signs
  - (1) PSC-5 Central Controller with PS126A power supply
  - (2) Decider2, Intelligent motion detectors
- Add additional signs and sensors as needed**

## Common Cabling

## Application

Pedestrian crossings  
 Parking lots  
 Parking garages  
 Crosswalk approaches  
 Schools and campuses  
 Large pedestrian areas  
 Mixed vehicle-pedestrian zones

## Triggers Accessories

Decider2  
 PS-Narrow

EP720404

## Engineered Kits

**PED XING 3607**  
 Pedestrian crosswalk warning system  
 P/N: PX3607V3

- PSC-5 CENTRAL CONTROLLER**  
Manages signs, audio alerts and pedestrian detection
- INTEGRATED AUDIO**  
Voice alerts with volume control and programmable night timers for quiet hours
- POWER SUPPLY**  
100-277VAC Input 12VDC Output

**PED XING 3607 SINGLE SIGN**

- 36" tall x 7" Wide
- Illuminated 3-Sided Display
- High-Visibility Amber LEDs
- Integrated Audio Alerts
- Built for Long-Term Outdoor Performance

Wall or Post mounted units | Integrated audio alerts | Additional signs and sensors can be added

**ENGINEERED FOR RELIABILITY**

- ✓ All-in-one solution for pedestrian detection and driver alerts
- ✓ Easy installation with pre-wired components
- ✓ Weather-resistant components and reliable performance in all conditions

**PED XING 3607**  
 Dual signs for pedestrian crosswalk warning system  
 P/N: PX3607V3-DL

- PSC-5 CENTRAL CONTROLLER**  
Manages signs, audio alerts and pedestrian detection
- INTEGRATED AUDIO**  
Voice alerts with volume control and programmable night timers for quiet hours
- POWER SUPPLY**  
100-277VAC Input 12VDC Output

**PED XING 3607 DUAL SIGNS (x2)**

- 36" tall x 7" Wide
- Illuminated 3-Sided Display
- High-Visibility Amber LEDs
- Integrated Audio Alerts
- Built for Long-Term Outdoor Performance

Wall or Post mounted units | Integrated audio alerts | Additional signs and sensors can be added

**ENGINEERED FOR RELIABILITY**

- ✓ All-in-one solution for pedestrian detection and driver alerts
- ✓ Easy installation with pre-wired components
- ✓ Weather-resistant components and reliable performance in all conditions
