

SHOT1812-2Way-Kit

SHOT1812 - 2-Way Oncoming Traffic Warning Sign Kit

THE ENGINEERING IS DONE Intelligent Warning Systems and Signs

Details

Part Number	SHOT1812-2Way-Kit
Part Name	SHOT1812 - 2-Way Oncoming Traffic Warning Sign Kit
Type	Collision Avoidance, Kits
Dimensions	18"H x 12"W x 2"D
Material	Metal body and acrylic front
Finish	Powder coated white
Rating	Outdoor covered rated
Controller	PSC-6 Traffic Control Board

- Complete Kit ready for Install
- Have up to 4 different Direction Control
- Cross-Traffic collision avoidance sign
- Use for blind corners or intersections
- Combine with Red/Green RG1006 traffic lights
- for maximum accident avoidance
- Bright sign with clear message
- 12VDC operation

Solution

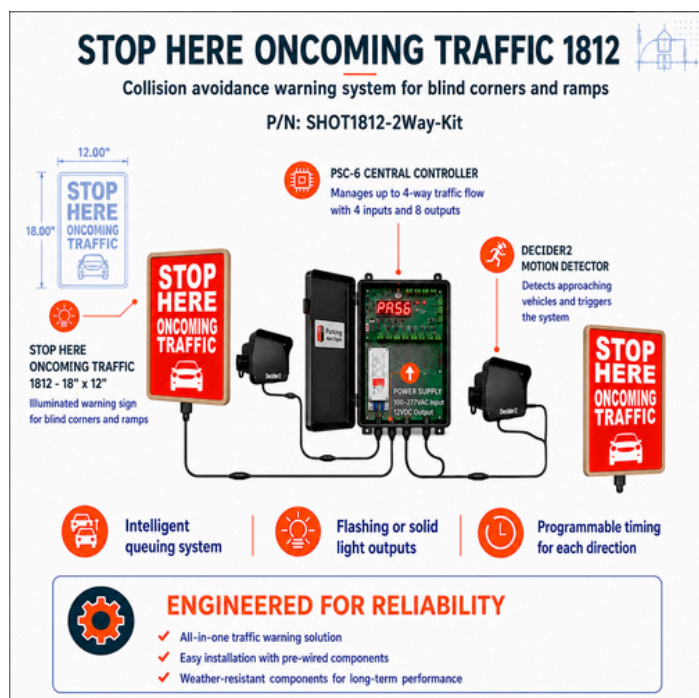

Warns drivers from both directions of oncoming vehicle traffic in shared lanes, blind ramps, tight turns, and two-way collision avoidance areas.

Description

The SHOT1812 2-Way Oncoming Traffic Warning Sign Kit includes two illuminated STOP HERE ONCOMING TRAFFIC signs, the PSC-6 Central Controller, and two Decider2 vehicle motion detectors. The system helps prevent head-on vehicle conflicts by warning drivers when traffic is approaching from the opposite direction.

Operations

This KIT uses Decider2 intelligent vehicle motion detectors to activate the system. When a vehicle enters from one direction, the PSC-6 activates the opposite warning sign to alert approaching drivers to stop and watch for oncoming traffic. The warning remains active for the programmed timer period, and repeated detections can restart or extend the activation cycle.

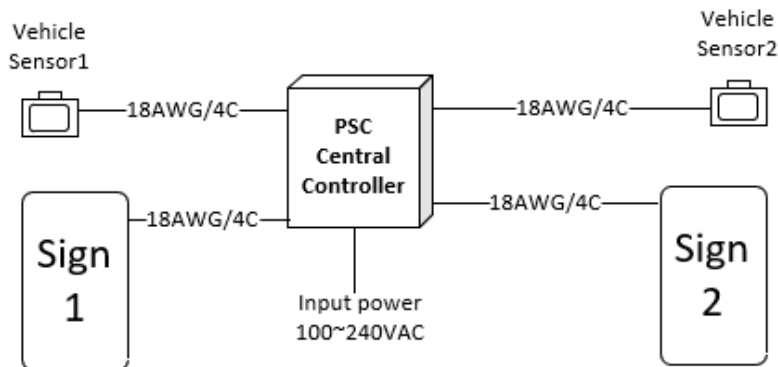

Includes

- (2) SHOT1812 Stop Here Oncoming Traffic Signs
 - (1) PSC-6 Central Controller with PS126A power supply
 - (2) Decider2, Intelligent vehicle motion detectors
- Add additional signs and sensors for up to 4 different directions**

Common Cabling

Collision Avoidance common cabling

Application

- Blind corners
- Blind ramps
- One-lane drive aisles
- Parking garages
- Tight turns
- Controlled vehicle approaches
- Shared vehicle passages

Triggers Accessories

Decider2

Engineered Kits

STOP HERE ONCOMING TRAFFIC 1812
Collision avoidance sign for blind corners, ramps, and one-lane areas
P/N: SHOT1812

DIMENSIONS

SHOT1812 SINGLE SIGN

- 18" x 12" SIGN**
Covered rated housing
- BRIGHT LED BACKGROUND**
High-visibility illuminated warning sign
- 12VDC INPUT POWER**
Includes wall mounting bracket
- PSC-5 COMPATIBLE**
Flashes when activated by PSC-5 control board

ENGINEERED FOR RELIABILITY

- ✓ High-visibility vehicle alerts
- ✓ Easy wall-mount installation
- ✓ Built for long-term performance
