

VTT1812

VTT1812 - Vehicle Too Tall Warning Sign

THE ENGINEERING IS DONE Intelligent Warning Systems and Signs

Details

Part Number	VTT1812
Part Name	VTT1812 - Vehicle Too Tall Warning Sign
Type	Overheight Detection
Dimensions	18"H x 12"W x 2"D
Material	Metal body and acrylic front
Finish	Powder coated white
Rating	Outdoor covered rated
Controller	PSC-5 Sign Control Board

- See back page for Engineered Kits
- Stop vehicles entering low height facilities
- Prevent damage and costly repairs
- Use with PSC-5 for Flashing and Voice alerts
- Bright sign with clear message
- 12VDC operation

Solution

Warns overheight vehicle drivers before entering low-clearance garages, covered entrances, ramps, tunnels, and restricted-height areas.

Description

The VTT1812 Vehicle Too Tall Warning Sign provides a high-visibility illuminated warning for low-clearance vehicle entrances. Designed for overheight detection systems, it warns drivers before a tall vehicle enters a parking garage, covered approach, ramp, tunnel, or other restricted-height area.

Operations

The Sign uses a Trigger Device to activate the system. When activated the VEHICLE TOO TALL warning message flashes to alert the driver before entering the restricted-height area. The sign stays activated for the programmed timer period until the activation cycle ends. If another overheight vehicle is detected during this period, the Activation Timer will restart.

Parking Alert Signs

STOP VEHICLE TOO TALL 1812
Overheight warning sign for low-clearance covered entries and ramps
P/N: VTT1812

DIMENSIONS

18.00" x 12.00"

VTT1812 SINGLE SIGN

18" x 12" SIGN
Covered rated housing

BRIGHT LED BACKGROUND
High-visibility overheight warning

12VDC INPUT POWER
Includes wall mounting bracket

PSC-5 COMPATIBLE
Flashes with PSC-5 control board

ENGINEERED FOR RELIABILITY

- ✓ High-visibility overheight alerts
- ✓ Easy wall-mount installation
- ✓ Built for long-term performance

Overheight warning

Bright illuminated display

12VDC input power

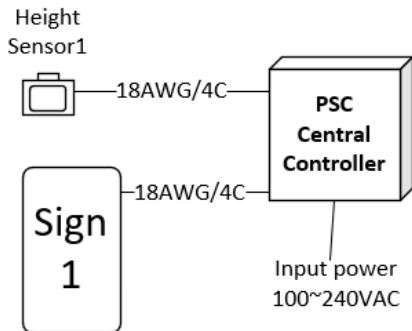

Includes

(1) VTT1812 Vehicle Too Tall Warning Sign
No trigger device (see kits below)

Add additional signs and sensors

Common Cabling

Overheight Vehicle Detection System common cabling

Application

Parking garage entrances
Low-clearance covered entries
Ramp and tunnel approaches
Service and delivery lanes
Transportation facilities
Restricted-height vehicle areas
